Subject: The Sovereign Territory of Éire

Dear Queen Elizabeth,

I note that we have not received any response from you to our letter dated 22<sup>nd</sup> March 2022 within the stated timeframe. We take it in the circumstances that you do not contest our stated position that the Papal Bull Laudabiliter of 1155 is void *ab initio*. It follows that any subsequent claims by the Crown to have authority to deal with the sovereign territory of Éire *inter alia* The Crown of Ireland Act 1542 can hold no principle or rule of law or equity.

The Sovereignty of the Nation of Éire is inalienable and the land and the Sovereign Territory of Éire belongs to the People of Ireland and to them alone.

The Irish Republican Brotherhood has publicly restated the claim for the People of Ireland's rights to the Sovereign Territory and assets every year for the last 106 years. These rights are not contested and the ongoing claim remains extant.

We trust the above is in order but if you disagree or believe that we are mistaken with any of our statements please let us have your response to this letter within 22 days from today's date.

We await hearing.

Yours Faithfully,

John D Flanagan

Chairman, IRB Supreme Council.
