Britain does not have a Sovereign Government. Britain has a Royal Government and a Royal courts of Justice and gets her Sovereignty from our Sovereign Government and our Sovereign Harp B.C. (1155.) and has been the cause of conflict ever since

General De Gaulle would not allow Britain to join the EU common market, because Britain did not have a Sovereign Government. It is mandatory to have a Sovereign Government to sit at the table in the European Parliament.

Britains exit from the European Union will cause great conflict over Britains Sovereignty and will have to be addressed.

The People in Britain are not Sovereign citizens, as stated by the British Prime Minister, MR David Cameron M.P. They are subject to the Crown of England.
