Subject: The Sovereign Territory of Éire

Dear :Eamon-Michael: Ryan,

We have received information under FOI Request 2022157 regarding licences purportedly granted by you to various corporations, particular to County Clare in the Sovereign Territory of Éire.

From examination of the information and records received, The Irish Republican Brotherhood (IRB) is not satisfied that any of these alleged licences can be of any benefit to the People of Ireland.

The People of Ireland hold claim over ownership of Ireland and this claim for the People of Ireland has been maintained and sustained over the Sovereign Territory of Éire, including all of the assets, therein and thereof, every year for the last 104 years by the Irish Republican Brotherhood.

No Crown Corporation Government, or any of its Departments, can usurp this position. The Irish Republican Brotherhood holds highest authority in dealing with the assets of the Sovereign Territory of Éire.

In summary, the IRB is not convinced that A) You hold appropriate authority to issue any licence to deal with any assets of the Sovereign Territory of Éire and B) That any of the alleged licences issued by you can be of any benefit to the People of Ireland.

Until we are in receipt of satisfactory responses to A & B above, please note that any and all licences issued by you in relation to any assets of the Sovereign Territory of Éire, stand suspended.

I trust you will note the position.

Yours Faithfully,

John D Flanagan
Chairman
IRB Supreme Council
The Mermaid House, Liscannor, Clare, Éire
