Proclamation read by Eileen M., John D. and John B.

## 1. Sovereign nation to Sovereign nation.

Vice-President, Josephine-Dolores introduces the Chair of the Supreme Council, John-Declan to indigenous inhabitants of Hawai'i via Zoom. They are royalty from the Kingdom of Hawai'i and have set a claim to a 1,000-island archipelago with the U.P.U.

Brief history: On January 17, 1893, the "Committee of Safety", which represented the American and European sugar planters (descendants of missionaries and financiers) deposed the Hawaiian monarchy and proclaimed the establishment of a provisional government in and over Hawai'i.

John-Declan is asking the U.P.U. if it is possible to salvage the Queen's flag as a Title 4 flag for the existing royals to place over their claim. It is proposed a delegation from Hawai'i to come to I.R.B. G.H.Q. in October 2023 so the two sovereign nations can Treat and recognise each other. Jake C. is to syntax Deeds of Acknowledgement and Confirmation for use in the Kingdom of Hawai'i for the 300 permanent population in addition to the flag.

## 2. Post-Master General for Éire.

Disqualification of the Minters and Secretaries Act 1924 will also encompass the Ministry of Post & Telegraph created and corrupted by the same Act. It is proposed that Jake C. with his knowledge and position on the Supreme Council fill the role of Postmaster General of the sovereign Republic of Éire in tandem with the claim of the General Post Office (GPO). The I.R.B. have the authority to make this appointment. Jake C. has been given time to consider this proposal.

### **3. Jail remand for John-Declan**

With the assistance of Eamon-Patrick C. papers/summons have been drawn up to serve on the arresting Garda and seizure of his private property. The warrants issued for John-Declan's arrest were not legally or lawfully put in place and so he is awaiting their next move. The papers/summons remain in abeyance.
