3. Projects/research

There are ongoing/live projects that require information retrieval for a later date. John-Declan F. has requested those engaged in these projects to have their information to hand for when the time comes to utilise this information.

4. Eamon-Patrick C to General Register Office (G.R.O.).

The tri-Crown corporation is the Vatican for souls, the Crown of England for property and Washington for military and global credit. It was previously thought that

the Vatican would be the party that dealt with credit and financing but the discovery of paperwork from Eamon-Patrick C. to and from the U.C.C. (Uniform Commercial Code) in Washington D.C. revealed that the global credit system is in keeping there. Filing with the U.C.C. creates an international public record as the individual as the creator of their Trust created through the establishment of their birth certificate as a bond and prevent abuse/maladministration by corporate entities through deception and fraud. There are 4 supporting documents that are required; Common-Law Copyright, Private Agreement, Security Agreement and Hold-Harmless Indemnity Agreement. These documents have been emailed to the Supreme Council members to fill out. All documents to be Notarised to be visible in their system. An Apostille also signs for the legalisation of documents for every nation that has signed up to the Hague Convention.

With regards to the reference number, the suggested format is; Name initials e.g. JDF, followed by the Personal Public Service Number (PPSN) and date of birth. e.g. [JDF5816030C-24071971](#) The purple colour denotes the sovereign citizen beyond corporate influence or interference, creativity, royalty, feminine and spiritual.

Names when claiming Trust credit in documents; both formats of the name to be used, one with the middle initial with the period (full stop) and compound fact version.

The application form for the secured party is very detailed. Receipt of filing is to be sent to the G.R.O. in Roscommon to correct the status on the register. Niall-Martin M to forward the filing URL to the Supreme Council.

Kimberly Ann Goguen of Life Force has come to the awareness of the Chair as a likely and suitable ally with regards to reaching a global network that aligns with the values and goals of the I.R.B. coupled with Jason-Paul as “the Key Master”.

Ecclesiastical Deep Poll

It is noted that a certain wording and process has been used with regard to the use of an Ecclesiastical Deed Poll which collapses the Trust and lets those maladministering the Trust off the hook. A better-worded version has been sent via email that puts the

Irish Republican Brotherhood

Vatican on Notice, thanks to Eamon-Patrick C. Blue paper with red thumbprints to be sent to Archbishop Eamon Eames via certified post.

5. A.O.B.

Eileen-Mary T was asked to forward any inquiries about Deeds of Acknowledgement and Claim or Óglaigh na hÉireann to John-Declan F. for processing.

A key outcome from the Sovereign Synergy Solutions talks is to get people to get their tab/sub-tab on e-i-r-e.ie The Deed of Trust grows with public assets claimed around Ireland it will be coupled with a page of sovereign claimants. The process of claiming documents has been streamlined and the pre-requisite for claiming a Deed of Acknowledgement is a passport only.

A gathering/meeting to be held in Balyvara House on the weekend of October 7th and 8th.

Kingdom of Hawai'i.

Jacke C. is working on a syntax version of a Deed of Acknowledgement for the native and sovereign people of Hawai'i incorporating a "Maid of Éire" flag for other Nations. The kingdom are working on getting 300 autographs and a delegation is planned to arrive in Ireland on the weekend of 11th November 2023. It is planned that a Treaty will be signed between and thereby recognise the sovereignty of each of the Nations.

A new graphic has been created for the Albion region which will be incorporated in the Sovereign Synergy talk presentation.

Meeting closes 19:48
