## 2. Ratification.

Gerry O'Donovan had tendered to the I.R.B. Supreme Council a written response he had written to the ISP forum in UCC Cork. He was looking for approval from the Council before sending this communication. A response from the Secretary of the President was read aloud to the assembly for approval. The response as follows was ratified and sent by email:

Dear Gerry,

The Supreme Council have sat today and liaised with the President in relation to submissions to be put before ISP Forum in relation to the protection of Ireland's neutrality and related matters. I have been nominated on behalf of the President and the IRB to attend and state IRB's position when appropriate. Any submission you may wish to make yourself as a Sovereign Man of Éire is of course a matter for yourself and remote from official IRB/Óglaigh na hÉireann.

Iobhard O'hAodha
